SUPPORTED BY THE SONNENKINDER PROJECT

Ms. Tjaveondja, the supervisor of the Soup Kitchen at Gammams Primary School, is providing meals to children every day from Monday to Friday through the support of the Sonnenkinder project. The learners express their happiness with the meals they receive during break time, and they appreciate the support from both their teachers and the Soup Kitchen. At Gammams Primary Soup Kitchen, learners bring food from home, as not all parents can afford to provide their children with meals every day. Therefore, the children receive their meals daily at school.
